

To bring more satisfaction, smiles and delight to society

Plenus entered the food business in 1980. We have maintained the “customer first” credo since our founding, and have taken it upon ourselves to think from the customer's point of view and respect the customer's feelings in operating our business of offering freshly prepared enjoyable food.

Through our main business brand “Hotto Motto,” a take-away lunch box chain, and “Yayoiken”, a Japanese set-menu restaurant chain, we promise to fulfill our goal of bringing plenty more contentment - values that inspired the company name - to everyday life.

Plenus will keep its eyes on the future of society, and will continue challenging itself to bring satisfaction, smiles and delight to a great many people through its commitment to the local community, the environment, health and good eating.

Founding Principle

“Customer First”

“Customer first” is our founding principle. To place priority on the customer, to act from the customer’s point of view and to bring joy and satisfaction to the customer — these are at the basis of all our operations. We will put into practice this basic concept, which stands solid even in these fast-changing times.

Corporate Philosophy

We at Plenus will base all our actions on the customer’s perspective, and will challenge ourselves to realize customer satisfaction and wellbeing through our food businesses, in order to continue delivering smiles and delight to society.

We operate businesses relating to food. Food is one of the basics of human living, and an energy source for human activities.

We recognize that the most important objective of our food businesses is to provide enjoyment, satisfaction and wellbeing to our customers, and we will think and act from the customer’s perspective to realize this goal.

At the core of our work is our aspiration to deliver smiles and delight to a wide range of people engaged in all sorts of business activities, and we will continue challenging ourselves to fulfill this aspiration.

Our boxed meals are prepared with the utmost skill and care.

Hotto Motto
ほっともっと

Hotto Motto is a takeaway *bento* chain operated by Plenus under the concept of offering to a wide population freshly made, hot, boxed meals that are delicious, comforting, reassuring and prepared with care.

“Hotto” has the double meaning of “hot” and “*hoto-suru*” (to feel relieved). Our symbol mark features a shiny grain of rice, which embodies Hotto Motto’s commitment, philosophy and pride in the rice it serves.

The brand’s key colors represent healthy and active daily living, the warmth of freshly prepared hot food, and the warmth of human hearts. The operation of our Hotto Motto shops nationwide is driven by a passion for the pursuit of enjoyable food.

We will be working to expand our network of shops so that they are easy and convenient to access.

Welcoming customers with an extensive menu and a comfortable, relaxed ambience.

The Yayoiken restaurant chain started anew in 2006 after changing its trade name from Meshiyadon.

Yayoiken restaurants serve a wide variety of freshly prepared dishes, with an emphasis on Japanese set-menu meals, in highly comfortable, relaxed settings.

Currently there are over 150 Yayoiken restaurants in and around the Kanto, Kansai and Kyushu regions. We also have Yayoiken restaurants in Thailand operated by our franchisee and we are actively seeking even further expansion abroad. We will continue to think “outside the box” in our quest for innovative dining styles.
