

To bring more satisfaction, smiles and delight to society

Plenus entered the food business in 1980. We have maintained the "customer first" credo since our founding, and have taken it upon ourselves to think from the customer's point of view and respect the customer's feelings in operating our business of offering freshly prepared enjoyable food.

Through our main business brand "Hotto Motto", a *bento* takeout meals chain, and "Yayoiken", a Japanese set-menu restaurant chain, we promise to fulfill our goal of bringing plenty more contentment - values that inspired the company name - to everyday life. We will bring even greater satisfaction to people throughout Japan and the world.

Plenus will keep its eyes on the future of society, and will continue challenging itself to bring satisfaction, smiles and delight to a great many people through its commitment to the local community, the environment, health and good eating.

Founding Principle

“Customer First”

"Customer first" is our founding principle. To place priority on the customer, to act from the customer's point of view and to bring joy and satisfaction to the customer - these are at the basis of all our operations. We will put into practice this basic concept, which stands solid even in these fast-changing times.

Corporate Philosophy

We at Plenus will base all our actions on the customer's perspective, and will challenge ourselves to realize customer satisfaction and wellbeing through our food businesses, in order to continue delivering smiles and delight to society.

We operate businesses relating to food. Food is one of the basics of human living, and an energy source for human activities.

We recognize that the most important objective of our food businesses is to provide enjoyment, satisfaction and wellbeing to our customers, and we will think and act from the customer's perspective to realize this goal.

At the core of our work is our aspiration to deliver smiles and delight to a wide range of people engaged in all sorts of business activities, and we will continue challenging ourselves to fulfill this aspiration.

Bringing always freshly-made meals closer to you,

Where ordinary is extraordinary.

YAYOI, a restaurant serving the authentic taste of a Japanese home-cooked meal. Our teishoku-style meals are designed to support people's daily lives, based on Japan's time-honored principle of meals consisting of one soup dish, one main dish and two side dishes. With a good mix of traditional and modern Japanese dishes, YAYOI's teishoku are nutritionally-balanced and enjoyed in a casual setting.

Good days or bad days, rain or shine.

Life throws many things at us.

Welcome to YAYOI, the restaurant where "ordinary is extraordinary."

A place you will feel at home whatever the weather.

The SHABU-SHABU: a combination of hearty ingredients and unique soups. Please enjoy with family and friends.

At MK RESTAURANTS we prepare authentic dim sum and a la carte cuisine, with the SHABU-SHABU as our signature dish. The SHABU-SHABU provides you with a new taste sensation you can enjoy any number of times thanks to its combination of hearty ingredients and our unique soups. In addition to our ample all-you-can-eat courses, we have prepared set menus and lunch menus offering a more casual dining experience.

The SHABU-SHABU starts with your choice of soup. We then add plenty of ingredients such as meat and vegetables, and stew it all together. In addition to refreshing ponzu sauce and flavorful sesame seed sauce, we import MK Sauce (a blend of main ingredients including chili sauce along with 30 spices) directly from MK RESTAURANTS in Thailand in order to suit a wide range of tastes.
